

August 25, 2009

Dear Fluvanna Taxpayers Association Member:

The citizens' fight for a referendum on creation of a Fluvanna-Louisa water authority has reached the Virginia Supreme Court. For more details, as well as an overview of the whole referendum campaign since it started last February, read the attached news release just issued by FTA to the media. It should answer questions many of you have had about the current status of referendum efforts.

Also, there are two County meetings this week with taxpayer implications:

- Fluvanna Planning Commission meeting, August 26, 7 p.m., County Courthouse. *Key taxpayer topic of interest on agenda:* Capital improvements plan process overview.
- James River Water Authority meeting, August 27, 2 p.m., Louisa County Board of Supervisors Meeting Room in Louisa County Office Building. *Key taxpayer topic of interest on agenda:* Pipeline financing.

There will be no FTA membership meeting this month due to vacations and planning for our first-ever "FTA Candidates Forums" to be held this fall. Announced at our July 30 membership meeting, the first forum -- for Board of Supervisors candidates -- will be September 29, 7-9:30 p.m. at the Fluvanna Library. Look for more details, including your chance to submit questions, in our next membership message.

Sincerely,  
Your FTA Steering Committee
